

## *Employer Journey Surveys*

*(Employer Name)*

**Sustaining Dunbar** is working to make it easier to walk, cycle or take public transport in the local area. We would like to know how you travel, why and what changes you would like to see to make it easier to leave the car at home. We want to provide a campaigning voice for everyone in the area to improve their travel options.

Please could you take a few minutes to complete this survey so that we can understand the travel wants and needs of employees and your suggestions for ways to improve travel choices. This is your chance to help us to identify travel problems in the town and to tell us your views; please feel free to add any detailed thoughts or comments about your travel experiences on a separate sheet of paper, and enclose it with the questionnaire.

The results of this survey will contain no reference to any individual; no-one will be able to be identified from the results. The information that you give us will be combined with other results and used to investigate current travel patterns and behaviour and to identify the ways in which we can encourage and enable people to make more journeys on foot, by cycle and by public transport. Please return this form to **XXXXXXXXXXXXXXXXXXXX**. FOR THE SURVEY TO BE SUCCESSFUL, WE NEED AS MANY FORMS RETURNED AS POSSIBLE.

Thank you for your help with this survey.
