

Local Journey Surveys

Oldhamstocks

Sustaining Dunbar is working to make it easier to walk, cycle or take public transport in the local area. We would like to know how you travel, why, and what changes you would like to see to make it easier to leave the car at home. We want to provide a campaigning voice to improve and increase travel options.

Please could you take a few minutes to complete this survey, which is in two parts; a map based survey to find out where you need to get to and from, and a questionnaire on the back page asking for your views. Feel free to add any detailed thoughts or comments about your travel experiences on a separate sheet of paper, and enclose it with the survey form. Please return this form to **Sustaining Dunbar at 16 West Port, Dunbar, EH42 1BU**.

Thank you for your help. We need as many forms as possible for this project to be successful. If you have any problems completing this survey, please contact Judy Miller on 07771 482089 or e-mail judy.miller@sustainingdunbar.org.

The results of this survey will contain no reference to any individual and no-one will be able to be identified from the results. The information that you give us will be combined with other results and used to investigate current travel patterns and behaviour and to identify the ways in which we can encourage and enable people to make more journeys on foot, by cycle and by public transport.

For more details, or to join Sustaining Dunbar (free membership), visit our website:-

www.sustainingdunbar.org/connecting-dunbar

This project is managed by Sustaining Dunbar and funded by the Climate Challenge Fund.

Please could you answer these questions to provide us with information about your travel?

1. Do you make walking trips in Oldhamstocks?
regularly/often/occasionally/never
2. Are there any problems with walking routes in Oldhamstocks? If yes, what could be done to improve these routes? (please include details such as locations etc.)
3. Do you make other journeys at the weekend? What would be typical weekend journeys and how are they made? (please give details)
4. Are there any problems with cycle routes in Oldhamstocks? If yes, what could be done to improve these routes? (please include details such as locations etc.)
5. Do you use public transport in Oldhamstocks?
regularly/often/occasionally/never
6. If so, which services do you use, when and where do you go?
7. Are there any problems with public transport in Oldhamstocks? If yes, what could be done to improve the services? (please give details such as routes, suggested cost of fares etc.)
8. Do you make other journeys at the weekend? What would be typical weekend journeys and how are they made? (please give details)
9. What would be your main reason for using the car less?
health/cost/environmental/other----- (please state)
10. What could be done to help you to use your car less?
(please give details)
