

# An **InsulateInnerwick** one page Guide to Funding Opportunities for Home Upgrades

You could be eligible for grant and/or loan funding, Try the funding finder from Home Energy Scotland

Information correct as of August 2024; <https://www.changeworks.org.uk/improve-my-home/retrofit-funding-grants/>, <https://www.begreencentres.co.uk/dunbar/grants-services>, [www.moneysavingexpert.com](http://www.moneysavingexpert.com)

	Notes	Funding for Building Fabric Upgrades	Funding for Heating System Upgrades
Home Energy Scotland Grant	<p>The Home Energy Scotland Grant gives you money towards a variety of energy efficiency improvements.</p> <p>The most you can receive is £7,500, or £9,000 if you're in a remote, rural or island area of Scotland.</p> <p>An optional Home Energy Scotland Loan is also offered to top up the amount of grant funding you can get.</p>	<p>Insulation upgrades</p> <p>External wall insulation grants</p> <p>Cavity wall insulation grants</p> <p>Flat roof or room-in-roof insulation grants</p> <p>Loft insulation grants</p> <p>Under floor insulation grants.</p> <p>Homeowners can get up to 75% of the cost of insulation paid for by the grant.</p>	<p>Air source heat pump grants</p> <p>Ground source heat pump grants</p> <p>Water source heat pump grants</p>
Energy Efficient Scotland: Areas Based Schemes	<p>Energy Efficient Scotland: Areas Based Schemes (EES:ABS) use government funding to improve the energy efficiency of homes. EES:ABS schemes are either free or heavily discounted.</p> <p>EES:ABS schemes are offered in a targeted area within your local council.</p>	<p>External wall insulation grants</p> <p>Internal wall insulation grants</p> <p>Cavity wall insulation grants</p> <p>Under floor insulation grants</p> <p>Renewable heating upgrades</p>	<p>Air source heat pumps</p> <p>Solar panels and battery storage</p>
Great British Insulation Scheme	<p>Under the Energy Company Obligation (ECO), the biggest energy suppliers have to help people improve the energy efficiency of their homes.</p> <p>There are different pathways to this funding.</p> <ul style="list-style-type: none"> <li>If you are an owner-occupier your home must have an EPC band D-G. If your home is private rented it must have an EPC band E-G.</li> <li>Means tested; if your household has low income (under £31,000), and you receive qualifying benefits, you are likely to get it.</li> <li>NHS referral; if you have been diagnosed with a long-term condition impacted by a cold home you may be eligible.</li> </ul>	<p>Cavity wall insulation</p> <p>Solid wall insulation (internal or external)</p> <p>Loft insulation</p> <p>Flat or pitched roof insulation</p> <p>Underfloor insulation</p> <p>Solid floor insulation</p> <p>Park home insulation</p> <p>Room-in-roof insulation</p>	
Energy Company Obligation	<p>The eligibility criteria can be tricky to navigate as there are multiple pathways. See the Home Energy Scotland funding finder, or East Lothian Council can assess if you are eligible.</p> <p>If you want more details email <a href="mailto:insulateinnerwick@gmail.com">insulateinnerwick@gmail.com</a> and we will pass details on.</p>	<p>Cavity wall insulation</p> <p>Cavity wall extraction (in certain circumstances)</p> <p>Loft insulation</p> <p>Internal Wall Insulation (solid wall insulation)</p> <p>Room in Roof Insulation</p>	<p>Solar Panels</p> <p>Air Source Heat Pumps</p> <p>Electric Storage Heaters</p> <p>First Time Central Heating</p> <p>Boilers (Non-condensing gas boiler to condensing boiler upgrade, like for like swaps)</p>
BeGreen Dunbar <a href="http://www.begreencentres.co.uk">www.begreencentres.co.uk</a>	<p>BeGreen Dunbar provides a wide range of information, advice and services relating to energy efficiency and renewable energy.</p>	<p>Do-it-yourself loft insulation, if the insulating companies won't do it!</p> <p>Insulating under floors or internal and external walls up to £500</p> <p>Draught proofing your windows and doors up to £200</p> <p>Upgrading old inefficient storage heaters up to £400</p>	<p>Upgrading old inefficient storage heaters up to £400</p> <p>Photovoltaic panels (solar electricity)</p> <p>Solar thermal panels (solar hot water)</p> <p>Ground and air source heat pumps</p> <p>EV Charging Point renewables grants are from £150 up to £850</p>
Green Mortgage	<p>Green mortgages generally fall into two categories: Those that reward you for living in an energy-efficient home, and those that reward you for carrying out 'green' home improvements.</p>
