

Tynninghame Village Hall

Hall clients

Specification requirements to prevent the spread of Covid -19

Whilst restrictions for the public have been eased in relation to measurements required during the continuing Covid pandemic the Hall Committee would ask that those booking and using the hall respect the following requirements to ensure that we all continue to stay safe.

The Village Hall Committee has developed a series of documents including a risk assessment to assist employees, hall users and volunteers at this time.

The following are a list of requirements in addition to the hall hire specification/check list for those individuals who wish to use the hall for private or commercial purpose.

Each individual, group or private entity who contracts with the Village Hall Committee for the purpose of providing an activity that involves members of the public attending the hall premises must assure the Hall Keeper that they will

- carry out any ad hoc cleaning required as a result of spillage or a visitor being unwell
- be able to provide detail to the Hall Keeper in the event of an attendee at said event testing Covid positive within days of attending the event in the hall and
- as far as possible ask that guests respect the need to try to maintain 1 Metre distancing
- report any concerns promptly to the Hall Keeper or in his absence to a member of the hall committee.
